Always placing humanity on the basis of
our approach to life,
As Creavit, we started production...
Feeling all human emotions together,
Having left many years and miles behind...
Always in the aim of better production,
With 20 years experience, we stand here today...
Never gave up thinking about the nature, even a moment,
We clinged with love and respect to
our cultural heritage...
Believing that the education is the most basic need,
We excepted it as the only way to succeed...
By talking, discussing, sharing,
We brought our ideas to the final goals.
Recognizing that our dreams can come true,
Together, we live the great pleasure and honor.

Comprehension of Management and Product Standards

One of the most important principles of Çanakcılar Companies Group is the comprehension of quality in production. This comprehension is supported by certificates of product standards and ISO management system. It gives confidence to consumers by supplying 12 years of warranty in Creavit branded products for functional errors within the branch of Ceramic Sanitary Ware.

Creavit, who envisages long-term use, cares deeply about the durability, functionality, aesthetics and environmental sensitivity of every product. Therefore, it implements a system that gives priority to customer satisfaction on stage of the production, process and marketing and after-sales.

The following certificates were given to Creavit for its quality, functional product standards , corporate governance standards in developed countries and the importance it has given to human beings and the environment:

KQ-TSE-ISO-EN 9000:2000
